

## **Teaching The World**

At ABC Head Start we have the best teachers in the world. Am I biased? Maybe, slightly...but seriously our staff give so much of themselves everyday to the children and families we support. It's not an easy job, but our dedicated employees wouldn't have it any other way. They thrive on the challenges and delight in the successes of the children and families. But even the best human services workers need a cheering section, a little reminder of why we do what we do. And who better to send that message than Kid President. Thank you, teachers, and by teachers I mean ALL ABC Head Start employees, for making our communities a better place to live.

*Do you know a teacher? Go ahead and pass this on, make their day a little brighter.*
